COOKWARE AND SMALL ELECTRICS

FAGOR 

OPTIMIZING HEALTHY AND EFFICIENT COOKING

FAGOR - A Fast, Healthy, Efficient Way to Cook

Fagor is one of the leading pressure cooker brands in the United States. Our mission is to provide pressure cookers and small electrics that are energy efficient, innovative and dependable. We employ environmentally and socially sound manufacturing and distribution standards for all of our divisions and suppliers.

As a leading pressure cooker brand, we offer our customers the unique opportunity to enjoy *delicious & nutritious* meals with cooking time reduced by up to 70%! Our small electrics collection has the most advanced technology and offers countertop convenience, healthy meals and energy efficiency, all at your fingertips. All of our units are designed with flameless precision and constructed of the finest materials while being environmentally conscious.

WHY CHOOSE FAGOR PRESSURE COOKERS?

FAST & ENERGY EFFICIENT – Pressure Cookers are 70% faster than traditional cookware. Less time spent cooking translates into less energy used.

EASY – Load ingredients, close the lid and let the pressure cooker do the rest.

HEALTHY – Pressure cooking retains vitamins and nutrients that are usually lost in traditional cooking methods and maintains a lower fat content because it uses less fat and oil.

SAFE – Fagor Pressure Cookers have three independent safety features, making them completely safe to use. The lock on the handle will not open until all the pressure is released.

VERSATILE – You can cook a variety of different dishes with a pressure cooker, from appetizers and entrées to delicious desserts.

WHY CHOOSE FAGOR SMALL ELECTRICS?

ENERGY EFFICIENT – Fagor induction cooktops cook food 50% faster than gas or electric and are 90% more efficient.

VERSATILE – All of our units can be used to cook a variety of recipes from appetizers and entrées to desserts. They can be used in campers, dorm rooms, and studio apartments.

INNOVATIVE – Fagor's knowledge of cooking technology has allowed us to introduce some of the most innovative electrics to market. We take pride in our units and make sure that it reflects in the precision of our craftsmanship.

HEALTHY – Fagor's Small Electrics provide customers incredible flexibility and a healthier way of cooking. Our units make it easy and convenient to prepare a healthy meal faster and more efficiently than ever before. They are powerful, portable and can be used for everyday cooking.

PLATINO PLUS - SLOW JUICER AND SORBET MAKER

The Platino Plus is a newly designed slow juicer and sorbet maker, a perfect addition to the Fagor juicing collection. This unit is completely BPA-Free and constructed with a sleek black and gun metal grey color for your modern kitchen. The Platino Plus precisely extracts the most juice from your food, preserving more of the organic vitamins and nutrients resulting in a more delicious, healthier glass of juice packed with everything you need to conquer the day. The Platino Plus also creates delicious assortments of sorbet and other frozen creations giving you and your family a delicious and nutritious dessert.

- Uses a 2-step process in which juice is extracted twice before it enters your glass. The same 2-step process is used to grind frozen fruits twice into a creamy sorbet.
- Extracts juice from fruits, vegetables, leafy greens, wheatgrass and even soybeans.
- Disperses a dryer more dehydrated pulp when juicing, perfect to add to recipes.
- All parts in contact with food are BPA Free.
- Compact size for easy handling, 12" x 18¼", 9 lbs.
- The auger is made from GE Ultem, a durable, high-quality, easy-to-clean material.
- 80-90 RPM.
- Uses ONLY 150 Watts of power.
- Uses regular household 110 - 120V.
- ETL approved in the US and Canada.
- 5-year warranty on all parts including the motor.

The Platino Plus Includes:

- 35 oz. Sorbet/Pulp collector
- 35 oz. Juice collector
- Cleaning brush
- Dessert drum
- Pusher
- User's manual
- Recipe book
